LEYMAN INTRODUCES A NEWLY INNOVATED EXTERNAL LIFT GATE FOR THE SPRINTER VANS

LCS1320 Free Access lift gate is the best design for the Sprinter Vans

CINCINNATI – Leyman Lift Gates announces the introduction of the newly innovated External Sprinter Van Lift Gate. The LCS1320 is designed with a vertical fold aluminum platform, which enables you to open and enter the right rear door without any lift gate movement. Therefore, the lift gate remains in the over-the-road position while you are entering into the right rear door of the van. When the use of the gate is required, the vertical fold platform opens to a width of 52 inches and has a depth of 71 inches (on 2007 models), or a width of 59 inches and a depth of 63 inches (on 2006 models or older). The LCS1320 also has the *Smallest Loading Angle in its Class*.

Standard Features on the LCS1320 Free Access:

- Level ride platform with automatic tilt at ground level
- Hand held radio control button – (on 2007 vans or newer)
- Push button on rear – (on 2006 vans or older)
- Cart stops
- Flashing lights on platform
- Flip plate
- One tilt and one lift cylinder
- Fits single or dual wheel vehicles (must specify upon ordering)
- Wiring compliant with all TMC recommended practices
- Electronic hydraulic cylinder lock

For additional information regarding the Sprinter Van Lift Gate or other innovative products from Leyman Lift Gates, contact Leyman at 1-866-LEYMAN-1 or e-mail your request to sales@leymanlift.com. Product and company information is also available on Leyman Lift Gates web site at www.leymanlift.com.

Since the early 1960s, Leyman Lift Gates has been designing and manufacturing lift gates for use with many of the largest fleet operators. Leyman has supplied lift gates to all of the major trailer and truck body manufacturers. With a distributor network of over 450 members, Leyman enjoys a prominent place in the commercial truck equipment market. Leyman Lift Gates have been put to the test in many applications and operating conditions for over 40 years. There are fourteen primary lift gate models sold nationwide; they can be viewed by visiting www.leymanlift.com. Our lift gate capacities range from 1400 to 10,000 pounds. We provide you with the best quality lift gates in the industry.
