LEYMAN LIFT GATES INTRODUCES NEW WEDGE PLATFORM TO STANDARD DUTY APPLICATIONS

Wedge Platform now available with LHS and LLBS Lift Gates

CINCINNATI – Leyman Lift Gates announces the introduction of the new wedge platform now available on LHS and LLBS Standard Duty Hide-A-Way™ (Tuck-Under Style Lift Gates). The LHS has been designed for customers who desire a tuck-under style lift gate, but do not have heavy duty application for its use. This economical lift gate utilizes many of the same standard features as the heavy duty LH Hide-A-Way™. The new Wedge Platform will help the end-user with ease of loading and unloading, no more curbside usage.

The LHS and LLBS models are low maintenance, standard duty lift gates. Available lifting capacity is 2500 lbs. The LHS Hide-A-Way™ is virtually maintenance free, featuring greaseless major pivot points. The power unit provides thermal protection for the motor. Chrome plated pins add years to the gate's operational life. The LHS Hide-A-Way™ also features low P.S.I. due to a larger cylinder surface. The steel motor and pump enclosure ensures that these vital components are well protected from the elements year round.

Other standard features include:

- Marine toggle switch
- Manual transit lock
- Pressure compensated flow control
- Spring assisted opening and closing

- More -

Leyman Introduces Wedge Platform

The LHS Hide -A-Way™ is shipped with a heavy duty platform extension and arrives completely pre-assembled. The LHS lift gate with a wedge platform measures 72 inches wide by 45 inches deep. The LHS Wedge Platform Hide-A-Way™ accommodates bed heights ranging from 42 inches to 56 inches.

The LLBS model lift gate with, an LHS Hide -A-Way™ designed for low boy applications, is also available with a 2500 lb. capacity. The LLBS wedge platform measures 72 inches wide by 35 inches deep. The LLBS Hide -A-Way™ accommodates 36 to 49 inch bed heights.

For additional information regarding the Wedge Platform or other innovative products from Leyman Lift Gates, contact your Leyman supplier, call **(513) 891-6210** or e-mail your request to **sales@leymanlift.com**. Product information also is available on Leyman's website, www.leymanlift.com.

Since the early 1960s, Leyman Lift Gates has been designing and manufacturing lift gates for use with many of the largest fleet operators. Leyman has supplied lift gates to all of the major trailer and truck body manufacturers. With a distributor network of over 450 members, Leyman enjoys a prominent place in the commercial truck equipment market. Leyman Lift Gates have been tried and tested in many applications and operating conditions for over 40 years. There are 14 primary lift gate models sold in the U.S.; the Leyman product line can be viewed by visiting www.leymanlift.com. Our lift gate capacities range from 1400 to 10,000 lbs. We provide you with the best quality lift gates in the industry.
