Leyman LH Hide-A-Way™ Lift Gate Now Features Deeper Platform Size *Hide-A-Way™ Still Offers Same Heavy Duty, Commercial Quality*

Leyman Lift Gates has extended the platform depth of its heavy duty tuckunder style lift gate, the LH Hide-A-Way™, from 34 inches to 38 inches. The LH's platform, now 80 inches wide x 38 inches deep, will increase the end user's productivity by allowing more product to be placed on the lift gate when loading and unloading.

The LH Hide-A-Way™ features greaseless bushings, which are highly resistant to wear and abrasion, and prevent galling. Other standardized features include manual transit lock, one half inch steel dock bumpers, driver steps and plated pins. Built for heavy commercial usage, the LH Hide-A-Way™ uses a steel cabinet to house and protect the motor and pump from road and weather elements. The LH Hide-A-Way™ also has one inch solid steel lifting arms reinforced with cross bracing. Designed for usage with a walk ramp, the LH Hide-A-Way™ can also accommodate forklift usage with its heavy duty platform extension.

A D.O.T. certified I.C.C. bumper is one of the options offered with the LH Hide-A-Way™.

Other optional features include:

- Recharge line for trailers
- Heavy duty steps
- Cut off switch
- 150 amp circuit breaker
- Rubber dock bumper

- MORE -

Leyman LH Hide-A-Way™ Lift Gate Now Features Deeper Platform Size

Page Two

The LH Hide-A-Way™ is available with four capacities: 1850, 2500, 3000, and 3500 pounds. The 80 inch wide x 38 inch deep platform also includes a 5 inch tapered ramp. Truck or trailer bed height must be between 42 and 56 inches from the ground.

When a retention ramp is required, Leyman also offers the LHR Hide-A-Way™, which has an 80 inch wide x 40 inch deep platform with an 8 inch retention ramp. Those end users utilizing low floor applications will find a solution in the LLB Hide-A-Way™. The LLB Hide-A-Way™ can be purchased with a capacity of 1850 or 2500 pounds, with a platform measuring 80 inches wide x 29 inches deep plus a 5 inch tapered ramp. Required vehicle bed height for installing the LLB Hide-A-Way™ is 36 inches to 56 inches from the ground.

For additional information regarding the LH Hide-A-Way™ series or other innovative products from Leyman Lift Gates, contact your Leyman supplier, call **(513) 891-6210** or e-mail your request to **sales@leymanlift.com**. Product information also is available on Leyman's website, **www.leymanlift.com**.

Leyman produced its first all-hydraulic rail gate in the early 1960s. The company today offers 12 primary lift gate styles through 450 distributors across the United States. Leyman also is a leading supplier to major trailer and truck body manufacturers nationwide and operates product distribution facilities in California, North Carolina, Ohio and New Jersey.
